

BRAINERD DAILY DISPATCH

VOLUME 5, NO. 293.

BRAINERD, MINN., WENESDDAY, MAY 16, 1936

PRICE TWO CENTS

CALUMET Baking Powder

Not made by the trust.
Food prepared with
Calumet Baking Powder
is pure and healthful and
is free from Rochelle
salts, lime, alum and
ammonia.

Trust Baking Powders sell for 45 or 50 cents per pound and may be identified by this exorbitant price. They are a menace to public health, as food prepared from them contains large quantities of Rochelle salts, a dangerous cathartic drug.

PIANO FACTORY BURNED.

Fire in New York City Causes Heavy Loss of Property.

New York, May 16.—The six-story piano factory of Jacob Doll & Sons at Nos. 402 to 412 East Thirtieth street, a three-story building occupied by John H. Carl's sash and door factory and the Doll company's planing mills were destroyed by fire Tuesday night with an aggregate loss of \$250,000.

Vesuvius Again Active.

Naples, May 16.—Professor Matteucci, director of the royal observatory, telegraphs that the volcanic activity of Mount Vesuvius is increasing and that the main crater is discharging a great quantity of sand.

Second Mate Burned to Death.

Boston, May 16.—Edgar Clark of Cleveland, O., second mate of the schooner Sagamore of Boston, was burned to death while fighting a fire on board the vessel in his cabin late Tuesday. The Sagamore is lying at a dock in South Boston. The fire was extinguished by a fireboat.

DEBATE ON ADDRESS

LOWER HOUSE OF RUSSIAN PARLIAMENT DISCUSSES REPLY TO CZAR'S SPEECH.

MOST DANGEROUS ELEMENT

LEADERS HAVE MORE TO FEAR FROM RADICALS THAN ANY OTHER FACTION.

St. Petersburg, May 16.—After an afternoon spent in discussion of rules of order, the lower house of parliament Tuesday evening began debate on the address in reply to the speech from the throne, adjourning at midnight after speeches by M. Roditcheff and a dozen orators of lesser caliber. The discussion, which was not ended, showed that the main attack on the address will be delivered from the Left. The leaders of parliament have more to fear from the radicals than from the conservatives. The evening's debate was tame. Even the periods of M. Roditcheff, the best orator among the Constitutional Democrats, explaining and defending the address, brought only a faint ripple of applause. The only scene of real enthusiasm was due to a reference to the absence from the address of a plank on woman suffrage. Other radical members demanded a paragraph asking the punishment of officials guilty of excesses in past acts of repression and a fuller and plainer statement of the demand for a constitutional order. Seven Conservative members essayed to speak, but the house was in no mood to listen to them. Prince Volkonsky, a leading Octoberist, refused to continue his speech and left the rostrum with a bitter fling at denial of the right of free speech. Two features developed outside the regular debate. The first was the adoption of a rule relative to the previous question, under which fifty members may prevent the stoppage of a debate, opening the door for successful filibustering by one-tenth of the membership. The other was the appearance of a conservative peasant group, forty-four members signing a motion for postponement of the debate. The

Meaning of the Maneuver was not comprehended at first, but when the list of supporters of the motion was read, the name Yerogin, a government deputy and organizer of the scheme to provide for peasant deputies in lodgings, created a low whistle of surprise, and comprehension ran round the benches. Count Heyden and other members of the Right supported the motion, but it was overwhelmingly defeated. The draft of the address to the throne consists practically of the following ten demands: First—General amnesty. Second—The abolition of the death penalty. Third—The suspension of martial law and all exceptional laws. Fourth—Full civil liberty. Fifth—The abolition of the council of the empire. Sixth—The revision of the fundamental law. Seventh—The establishment of the responsibility of ministers. Eighth—The right of interpellation. Ninth—Forced expropriation of land. Tenth—Guarantees of the rights of trades unions.

The reply to the speech from the throne concludes as follows: "Your majesty: On the threshold of our labors one question agitates the soul of the whole Russian people and

prevents us as their representatives from calmly entering upon our legislative work. The first word pronounced in parliament was amnesty. It was met with cries of sympathy. The country is thirsting for it. It is a demand of the people's conscience which it is impossible to refuse or delay.

"Sire—The parliament awaits full political amnesty as the first pledge of a mutual understanding in the future and concord between the emperor and the people."

FORTUNE FOR POOR WOMAN.

Earthquake Sufferer to Receive a Large Sum of Money.

San Francisco, May 16.—Two hundred and fifty thousand dollars await Mrs. Andres Neilson, a widow with nine children, who was burned out by the big fire and who is now believed to be in some refugee camp. Her husband, a tanner and son of a wealthy man in Sweden, died in July, 1898, leaving the family destitute. They lived on the South Side and the woman, too proud to appeal to her wealthy father-in-law, worked hard to support herself and little ones. They lost all when the fire swept the city. Now comes word that the father-in-law in Sweden is dead and that his large estate is to go to the widow and children of his son.

TO SEE KING HAAKON CROWNED.

Four Hundred Scandinavians Leave the Northwest for Norway.

Minneapolis, May 16.—Four hundred Scandinavian excursionists left Minneapolis Tuesday night for Norway to see King Haakon crowned. A quarter of their number are Minneapolis residents. The balance are from points in Minnesota, the Dakotas and Montana. The aggregate payment by the party for transportation both ways was \$45,500.

SEVEN MEET DEATH

PENNSYLVANIA MINERS TORN TO PIECES BY AN EXPLOSION OF DYNAMITE.

Shenandoah, Pa., May 16.—Seven miners were torn to pieces and twelve badly burned by an explosion of dynamite in the Shenandoah City colliery of the Philadelphia and Reading Coal and Iron company during the day.

A box of dynamite which a workman was carrying fell from his shoulder and caused the explosion, which ignited the mine gas. There were about fifty men at work in the east gangway of the shaft when the explosion occurred, but so far as known all escaped except those working on the first lift. In this part of the shaft none escaped either death or injury.

All the men killed were mutilated beyond recognition.

The force of the concussion was terrific. Doors were torn off and brattices were wrecked, every section of the mine feeling the effect of the shock.

All of the killed and injured were foreigners. But little damage was done to the mine.

FAVORITISM SHOWN.

Railroad Did Not Distribute Coal Cars Equitably.

Philadelphia, May 16.—Testimony tending to show favoritism by railroad companies in the distribution of coal cars was elicited when the interstate commerce commission resumed its investigation here. George W. Clark, a car distributor employed by the Pennsylvania Railroad company at Altoona, Pa., admitted that he had received orders to make a special assignment of cars to the Berwin-White Coal company and that frequently these assignments were made previous to the regular percentage distribution. Mr. Clark admitted that special allotments had to a certain extent interfered with an equitable distribution.

Arthur Hale, superintendent of transportation of the Baltimore and Ohio railroad, was on the stand the greater part of the day. Through him it was brought out that the Merchants Coal company and the Somerset Coal company had frequently received many cars in excess of their percentage, while various smaller companies suffered a shortage. Mr. Hale explained that the shortage shown on the records did not indicate that the companies suffered for lack of cars as in many cases these companies could not handle their full complement.

INDICTED ON FOUR COUNTS.

Leading Lawyer of Hamilton, O., Accused of Forgery.

Hamilton, O., May 16.—U. F. Bickley, for years a leading lawyer in Hamilton, was indicted on four counts for embezzlement and forgery by the Butler county grand jury Tuesday night.

The indictments are in connection with alleged frauds that he is charged with having committed as administrator of the estate of Charles Gathman. Disbarment proceedings are now pending against Bickley.

RAILROAD RATE BILL

SENATE HAS PRACTICALLY CONCLUDED CONSIDERATION OF THE MEASURE.

THE ANTI-PASS AMENDMENT

NOW THE ONLY PROVISION OF THE BILL THAT REMAINS TO BE DISPOSED OF.

Washington, May 16.—With the exception of an anti-pass amendment the senate Tuesday concluded its consideration of the railroad rate bill in committee of the whole and as soon as that provision shall be disposed of will take it up in the senate. The general expectation is that the pass question will be disposed of Wednesday and the general hope is that the bill may be passed before the close of Wednesday's session.

The pass question was brought to life again through the instrumentality of a motion made by Senator Culberson, author of the original provision, to reconsider the vote by which it was adopted, which was agreed to. A number of suggestions in the way of substitutes were presented and these will have to be dealt with before the bill can be reported to the senate. After it is reported, several questions will be reopened.

The greater part of the day was spent in discussing the eighth section of the bill relating to the personnel of the interstate commerce commission, resulting in the elimination of the entire section and the restoration of the present law, which provides for five commissioners at salaries of \$7,500 each. During the day Senator Tillman made a further explanation concerning his negotiations with the president and had Former Senator Chandler's memorandum read. The president's letter to Senator Allison was also read at the instance of the Iowa senator. The session opened with a personal statement by Mr. Tillman concerning his relations with Mr. Aldrich.

PROCEEDINGS IN THE HOUSE.

Plans for Great Lakes Naval Training Station Adopted.

Washington, May 16.—The house has decided to vest in the supreme court of the District of Columbia the power to appoint the board of education having supervision of the schools of Washington instead of in the board of District commissioners, which is the present appointing power. An effort was made to prevent the preparation of plans for the Great Lakes' naval training station, but an amendment was agreed to providing for the employment of a consulting architect, the plans and superintendence of the construction of the new buildings not to exceed 3½ per cent of the limit cost of the plant, which is fixed at \$2,000,000.

The house by a decisive vote reaffirmed its faith in the navy department, defeating an amendment of Mr. Tawney, chairman of the appropriations committee, to limit the repairs on a ship to 10 per cent of the cost, the vote of confidence coming after two hours of hot debate on the Tawney proposition.

LYNCHING FEARED.

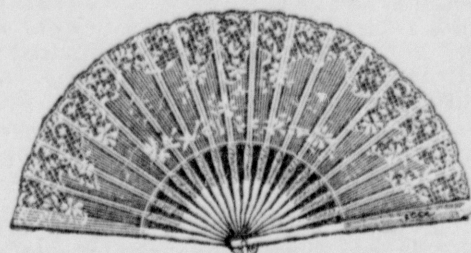

Colored Cavalryman Taken to Chadrone From Crawford, Neb.

Crawford, Neb., May 16.—Sergeant John Reid of the Tenth cavalry, who killed Arthur A. Moss, night watchman, Sunday night, was taken to the county jail at Chadron for fear of an attempt at lynching, even though the jail here was guarded by regular troops. The trouble originally resulted from the attempt of Night Watchman Moss and his brother, J. H. Moss, to arrest some disorderly negro soldiers from Fort Robinson. Reid shot and killed Arthur Moss. Jordan Taylor struck J. H. Moss, breaking his arm. Reid was arrested and Taylor was killed by officers while trying to escape. Monday night there was strong talk of lynching Reid and a guard of troops was stationed around the jail. About midnight Philip Murphy, who was intoxicated, while passing the jail, refused to obey the orders of the guard and was shot dead. There is much excitement.

GOES TO PRISON FOR LIFE.

Jackson, Mich., May 16.—John Blake, the Brooklyn, Mich., postoffice robber, was convicted Tuesday night of second degree murder for killing Police Sergeant William Booth, March 26, when Booth was attempting to arrest Blake on suspicion that he had committed the Brooklyn robbery. The prisoner was sentenced to the state prison for life.

OPERATOR RUNS AMUCK.

Kills One Man, Wounds Five Others and Ends His Own Life.

Atlanta, Ga., May 16.—Crazed by drink and by disappointment in a love affair, James H. Clark, a telegraph operator at Chamblee, a dozen miles north of Atlanta, late in the afternoon ran amuck. He killed one man, severely wounded three, slightly wounded a fifth, and clubbed a sixth with a shotgun; set fire to the home of one of his victims and when surrounded by a posse shot himself through the heart.

Clark had paid attention to the niece of E. S. Purcell, but was discouraged. He went to the Purcell home Monday evening, demanding admittance, but was refused. He then set fire to the kitchen and when E. S. Purcell and his son appeared to fight the flames, Clark fired upon them, wounding both. Returning about midnight Clark made another attempt to fire the house. The result was that W. S. Mask, railroad station agent, received a wound in the neck.

Clark then went to Dunwoody, about five miles away. He entered the store of Nash & Check and demanded ammunition. The store people had been warned by telephone, and refused to sell it to him. Clark immediately fired, killing Check with a bullet through the heart. He also wounded Mr. Nash dangerously. He then took to the woods. On the way down the railroad track he met W. J. Coker, whom he attacked and wounded slightly. A posse was enlisted and hounds were put on the track of the insane man. He was caught up with near Chamblee and then committed suicide.

TRAIN ROBBERS CAPTURED.

Canadian Mounted Police Arrest Alleged Bandits.

Victoria, B. C., May 16.—Three men, thought to be the bandits who held up a Canadian Pacific train last week, were captured near Kamloops, according to dispatches received from there Tuesday. The mounted police surrounded the fugitives and in the fight that followed one man was wounded.

One of the men captured is thought to be Miner, who has a price on his head larger than probably any other man on the Pacific coast. The prisoner denies that he is Miner. There will be a reward of something like \$2,000 coming to somebody if his identity as Miner is established.

Night Watchman Killed.

Menominee, Mich., May 16.—By the bursting of a steam pipe in the mill of the Wells Lumber company Nicholas Gemeniden, night watchman, was killed and Engineer Bush and Fireman Johnson so badly scalded their recovery is considered doubtful.

Naval and Military Conference.

London, May 16.—The Tribune says that under the terms of the Anglo-Japanese alliance arrangements are making for a naval and military conference at Tokio between representatives of the two countries.

IN NATURE'S LABORATORY.

Buried deep in our American forests, many years ago, Dr. Pierce found a beautiful, blooming plant the root of which possesses wonderfully efficacious properties as a stomach and general tonic, also as an alterative or blood purifier and liver invigorator, having an especial affinity for all mucous surfaces upon which it exerts a most salutary, soothing and healing influence.

This sturdy little plant is known to botanists as *Hydrastis Canadensis*, but has several local English names, being generally known as Golden Seal. Dr. Pierce found the root of this common forest plant to possess medicinal principles of great potency, especially when combined, in just the right proportions, with Queen's root, Black Cherrybark, Stone root, Mandrake root and Blood-root, the properties of each being extracted and preserved in chemically pure glycerine of proper strength.

This compound Dr. Pierce named his "Golden Medical Discovery," in honor of the sturdy little Golden Seal plant. So little used was the root of this plant by the medical profession at that time, that it could be purchased in the open markets for from fifteen cents to twenty cents a pound. The use of many tons of this root every year in Dr. Pierce's two leading medicines—for it enters into both "Golden Medical Discovery" and also into Dr. Pierce's Favorite Prescription as one of their most important ingredients—has caused the price of the root to advance until to-day it commands upwards of a dollar and a half a pound.

DR. PIERCE'S FAITH.

Dr. Pierce believes that in our native forests are to be found an abundance of most valuable medicinal plants for the cure of many distressing and most fatal maladies, if we would only seek them out, test them and learn how and for what diseases to use them. Furthermore, he believes that the vegetable kingdom is the one to resort to for the most harmless remedial agents. They act most kindly upon the human system and are eliminated or carried out of the body by the natural functions without injury, even in cases where it is necessary to make protracted use of them in order to experience permanent cures. Dr. Pierce's medicines being purely vegetable, are perfectly harmless. In other words, while they are potent to cure, being purely vegetable in composition and containing no alcohol, they leave no bad effects behind. This is not generally true when mineral medicines and those containing large percentages of alcohol are taken into the system and their use protracted over considerable periods of time.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses intrinsic medicinal properties of its own, being demulcent, nutritive, antiseptic and a most efficient anti-ferment.

THEY STAND ALONE.

The fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, nerv-

ous, over-worked and broken down women contains any alcohol, entitles them to a place *all by themselves*. They are neither patent medicines nor secret ones either, for every bottle of Dr. Pierce's world-famed medicines leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This is why so many unprejudiced physicians now prescribe them and recommend them to their patients when they would not think of advising the use of a secret nostrum. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities of all schools of practice.

ALL RIGHTS PROTECTED.

The exact working formula for making Dr. Pierce's medicines without the use of a drop of alcohol and preserving them unimpaired in any climate for any length of time, cost Dr. Pierce and his assistant chemists and pharmacists a tedious course of study and experiments, extending over several years. With the use of chemically pure glycerine, of just the right strength, and with laboratory apparatus and appliances specially invented and designed to carry on the delicate processes employed, Dr. Pierce finally found that all the medicinal principles residing in the several native medicinal roots could be more perfectly extracted and better preserved from fermentation than if alcohol was employed.

Besides the glycerine, of itself, possesses the property of greatly enhancing the efficacy of the several medicinal agents employed, whereas alcohol is well known to be objectionable in any medicine to be employed in chronic or lingering diseases, where, at best, treatment must be continued over a considerable period of time in order to make the cure complete and permanent.

The exact proportion of the several ingredients used in these medicines as well as the working formula and peculiar process, apparatus and appliances employed in their manufacture, are withheld from publicity that Dr. Pierce's proprietary rights may not be infringed and trespassed upon by unprincipled imitators and those who may be piratically inclined.

In favor of Dr. Pierce's medicines is the frank, confiding, open, honest statement of their full composition, giving every ingredient in plain English, without fear of successful criticism and with confidence that the good sense of the afflicted will lead them to appreciate this honorable manner of confiding to them what they are taking into their stomachs when making use of these medicines.

A little book of extracts from many standard medical works of all the different schools of practice, indorsing, in the strongest terms, all the several ingredients entering into Dr. Pierce's medicines and telling what diseases these most valuable medicinal agents will cure, will be mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., on receipt of request for same by letter or postal card.

Dr. Pierce's Pleasant Pellets are largely composed of Podophyllin, the concentrated extract of Mandrake root, and they regulate and invigorate stomach, liver and bowels.

ENDORSES ALDERMAN'S CANDIDACY.

In commenting on the appointment of Senator Frater as Indian Agent at Leech Lake, the Little Falls Transcript says:

Hon. H. A. Rider of Little Falls had been endorsed for the place, but careful investigation convinced him that his position of deputy marshal, with residence at Little Falls, was the most satisfactory. The selection of Mr. Frater had Mr. Rider's hearty endorsement.

Of course this removes Mr. Frater from the field as a candidate for reelection to the state senate. S. F. Alderman of Brainerd is an announced candidate, and should command the united support of his party. He will be a strong and winning candidate, and a first class senator.

AITKIN COUNTY FOR COLE.

The Aitkin Age has the following to say regarding the candidacy of A. L. Cole, for governor:

There is a strong sentiment in this section of the state for the nomination of Hon. A. L. Cole of Cass county for governor, and it is growing every day. Mr. Cole has made good. He has given us an immigration law which is attracting settlers to our unoccupied lands. He has formulated and secured the adoption of a comprehensive system of state drainage. He has secured legislation for good roads. He stands for state development. The people want a man with opinions of his own who can shape his ideas into good laws and have them passed. That is the kind of a man Mr. Cole is. His nomination would insure the election of the kind of governor the people want.

During the storm yesterday lightning struck the residence of G. A. Lively, at Sylvan, and caused considerable damage, setting the building on fire and scattering the furniture about. A bed on which one of the children was asleep was in the path of the lightning and the occupant was thrown out upon the floor and slightly stunned, although not seriously hurt. The same thunder bolt knocked the underpinning from the granary a hundred feet from the dwelling house.

DEERWOOD ITEMS.

Mr. McGee deserves very much credit for his successful effort in soliciting money for the purchase of a bell for the M. E. church. A beautiful bell was purchased and on Monday was placed in the belfry and will now be heard before each service pealing forth its invitation, "Come ye and worship."

Miss Clark, teacher in the primary department of the Deerwood schools, was surprised by her many friends on her birthday, May 10, in the I. O. O. F. hall. She was presented with a very beautiful toilet set, Rev. Justus Parish making the presentation in behalf of the friends. Although completely surprised, Miss Clark expressed her gratitude in a few well chosen words. A social evening was spent and refreshments were served.

Arrested for Killing His Wife.

Detroit, May 16.—Frank Emmett, a painter, is under arrest charged with killing his wife, aged twenty-eight, who was fatally shot through an open doorway Tuesday afternoon in her home. Mrs. Emmett had sued for divorce. Neighbors caught Emmett as he was running down the street.

All kinds of job work neatly executed at this office.

Woman Killed by an Auto.

Milwaukee, May 16.—An automobile owned by B. F. Steinel, sporting editor of the Free Press, ran down and killed Miss Florence White Tuesday evening. The car struck the woman when she stepped back in its way after safely crossing its path. Steinel and some members of the Milwaukee baseball team were riding in the car at the time.

**BACK FROM
SOUTH AMERICA**

Cuyler Adams, Father of the Cuyuna Range Back to Deerwood After Long Trip

CROSSED THE ANDES ON MULES

But Found no Place to Live Which Suited Him so well As Crow Wing County

Cuyler Adams, the discoverer of the Cuyuna range, arrived at his summer home in Deerwood a few days ago after a long journey through South and Central America. Mr. Adams, when seen by a DISPATCH reporter at his handsome summer home at Deerwood, declined to be interviewed on the subject of the Cuyuna range, saying that he had just returned from South America and knew nothing as to events on the range during the past winter. He could see no reason, however, to change his formerly expressed opinion that the Cuyuna range has a great future.

Referring to his trip, Mr. Adams stated that he sailed from New York to Buenos Ayres. From there he crossed the mountains on mules through the snows to Valparaiso and Santiago. Thence he came up the Pacific coast by steamer to Colon, across the isthmus and to the States. Mr. Adams says that there are some elegant openings to make money in South America, and that the country is very rich in minerals. But it is no such climate as this and he came to the conclusion that there was no place in the world so good to live in as Minnesota and none in Minnesota quite so good as Deerwood. As THE DISPATCH scribe sat on the wide screened veranda of his handsome summer home and looked out through a vista of beautiful trees to the placid waters of Reno lake he did not wonder that Mr. Adams was enamored of his surroundings.

Mr. Adams also expressed great confidence in the future not only of Deerwood, but of Brainerd and the other towns on and near the Cuyuna range. Deerwood is having quite a building boom at present, no less than three buildings being in the course of erection as well as several residences. Everybody has an air of confidence in the future of the town that bodes well for its growth.

Everybody should have Dr. Adler's Treatment constantly at hand and when the least discomfort is felt in the stomach or bowels, a dose should be taken at once, thus avoiding appendicitis and all the terrible pain that goes with it. Johnson's Pharmacy.

A GREAT OPPORTUNITY

No One Should Miss the Opportunity to Hear the Great Evangelist this Week.

Living as we do in these most wonderful days, in which God is so marvelously pouring out His spirit in the salvation of lost souls in Wales, England, Australia and other foreign countries and dearest to our hearts, our home land, we feel now is the time to do all in our power to reach the unsaved in this city. Living as we do in an age of great advancement and combines, the keen business intellects have realized that in union there is strength. No less clearly has it been demonstrated that in reaching lost men for Christ and the quickening of the Church, the greater success is through the united efforts of the churches of a town or city.

For the same purpose the Ministerial Association of Brainerd has been organized. We thank God for his sending into our midst the Rev. John Robertson, who has been blessed in his ministry in all parts of the world. His efforts during the past days have been greatly blessed. The spiritual life of the church has been quickened as never before. The half hour prayer service at the Y. M. C. A. at 8 a. m., is a very Pentecost. To be there is like being upon the Mount of Transfiguration.

In spite of the rain the Presbyterian church was filled in the afternoon. In the evening a large and appreciative audience listened to Dr. Robertson in the Swedish Baptist church.

We again urge all regardless of denomination to attend the services, which are in every sense interdenominational. This is a week of great opportunity. Come with us and we will do you good.

The services in the Presbyterian church in the afternoon will be at 3 o'clock, except Friday, when it will be at 4:15 for the benefit of the teachers and scholars who desire to attend.

J. F. McLeod.
In behalf of the Ministerial Association.

MUSIC AND DRAMA.**ALBERTA GALLATIN.**

Alberta Gallatin, who will be happily remembered by theatregoers of this city in several roles, is to appear at the Brainerd opera house, Friday, May 18, in "Cousin Kate," the Hudson theatre, New York opening success, one of the cleverest and best society comedies ever put on the stage. Miss Gallatin's work as an emotional actress is well known and lovers of all that is good in plays are assured that in the comedy role of "Cousin Kate" Miss Gallatin, if such a thing is possible, does even better work than in the heavier lines of the drama, allowing, of course, for the difference in the class of acting required. Her humor, gaiety and wit are spontaneous and will be long remembered by those who see the play as one of the prettiest pieces of acting of the season. Seats on sale tomorrow morning at H. P. Dunn & Co.'s drug store at 10 o'clock.

WHAT THE CANADIANS THINK.

The following is an article from the Manitoba Free Press of Saturday, May 12, concerning Alberta Gallatin's performance in "Cousin Kate": "Alberta Gallatin who reputation as one of America's most capable actresses is well established last night at the Winnipeg theatre appeared in that charming "Cousin Kate."

"She gave a meritorious performance and a discriminating gathering gave frequent and hearty testimony of appreciation. The play is not new to the Winnipeg theatregoers—Roselie Knott produced it on the last occasion—but with its bright dialogue, clever lines, appealing situations and well-drawn characters, its popularity is not likely to wane for many seasons to come.

"The charm of Davis' play lies in its refreshing simplicity. It is a rational story told by rational people, without exception of theories or complex problems.

"Miss Gallatin, with that intelligence and artistic insight that has invariably characterized her portrayals shows us a Kate sweet, sympathetic and lovable, but not lacking in strength of purpose.

"She brings out many little points in the character that Miss Knott and others missed, and may be said to realize the author's conception more completely than any actress entrusted with the part since Ethel Barrymore."

"Gem Flour" the best on earth. Cals sells it.

SALE BEGINS ON SATURDAY

MAY 19th—Extra Sales People Wanted by the Adjusters Immediately

There was quite a commotion in business circles yesterday when this sign was posted on the door of the McGinnis store:

"STORE CLOSED"

Stocks will be closed out regard less of cost—Wait for sale to begin Saturday. By order of L. E. MACOMBER CO., Adjusters.

It came as quite a surprise to the entire community and all sorts of speculations and stories were rife about the streets. Little could be learned that can be considered of an authoritative nature. The employees were summarily dismissed and the customers then in the store asked to vacate. Mr. C. L. Bouton, the adjustment company's representative, is already on the ground but would say little beyond the fact that he was sent here with the positive instructions to dispose of everything as quickly as possible and that if low prices would accomplish results, Brainerd would have the greatest sale in the history of the city. A sale of this kind is after all a good thing for a city; it brings thousands to town and they spend their money—it will do all our merchants good. For great sale see advertisement elsewhere. 1t

WHEN HER BACK ACHES.

A Woman Finds All Her Energy and Ambition Slipping Away.

Brainerd women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Brainerd woman's words:

Mrs. John C. Beck, of 615 Maple St., Brainerd, Minn., says: "The merits of Doan's Kidney Pills are second to no other kidney medicine. Mr. Beck suffered with his back and kidneys for a long time. There were continual pains and an annoyance from a disturbed condition of the kidneys. He tried one treatment after another but always without noticeable benefit. Doan's Kidney Pills were so highly recommended that he decided to try them and procured a box at H. P. Dunn & Co.'s drug store. It proved just the remedy he needed for the benefit was prompt and effective from the first dose and a continued use of Doan's Kidney Pills entirely eradicated the whole trouble."

HOLDING COURT TODAY

Several Cases Disposed of in District Court Before Judge Spooner so Far This Term

Court opened yesterday afternoon and the call of cases was taken up. The case of Johanna Chambo vs. H. J. Hage and Carrie Hage, was set for jury trial this morning, but before the time to open court the case was settled. This was a case growing out of a reservation of mineral clause omitted from a deed. Mr. Hage settled by paying the plaintiff \$223 and amending the deed by inserting the reservation clause.

The case of Toger Peterson vs. J. M. Elder is up for trial today and a jury was secured this forenoon and the taking of testimony has begun. The case is one for damages caused by the erecting of a dam and the alleged flooding of Mr. Peterson's land by Mr. Elder.

The call of cases showed the following had been settled:

Thomas F. Plant Company vs. James F. McGinnis.

P. L. Hamsman vs. Mary M. Gray.

The case of Chas. B. Bradford vs. John Nevers was continued until next term.

The case of Gus Williamson, who had sued the Northern Pacific Railway company for damages because he was carried by Brainerd and then put off the train was settled and dismissed by common consent.

A Weak Heart

Seldom gets strong again without help. Awake or asleep, it never stops, and consequently has no period of rest or relaxation in which to regain lost vigor. You should avoid exertion, excitement and worry as much as possible, to relax the strain, and take Dr. Miles' Heart Cure, which is a heart tonic, to strengthen and restore vigor to the heart nerves and muscles. The symptoms of a weak heart are shortness of breath, palpitation, feeble or too rapid pulse, hungry spells, hot flashes, dizziness, smothering spells, pain in heart or side, etc.

"I had been treated for heart disease by different physicians without any improvement. Finally my doctor informed me that there was little hope of my ever being able to do a day's work again. About that time a gentleman called upon me, and said, 'I heard of your condition, and have come to tell you that Dr. Miles' Heart Cure saved my life, and I want you to try it.' I did so, and after a week or so I went to my physician and told him I had been taking Dr. Miles' Heart Cure. He examined me and said, 'God bless Miles' Heart Cure, it has made you better in a few days than I ever expected to see you again.' I am now well, having fully regained my health by the use of this remedy."

B. R. LANSING, Rensselaer, N. Y. Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

VERDICT IN HERESY TRIAL.

Rev. Craspey Suspended From Ministry But Is Given Time to Recant.

Rochester, N. Y., May 16.—The verdict in the heresy trial of Rev. Dr. Algernon S. Craspey has been delivered to the accused minister. Four of the jurors state that in their opinion sentence should be passed as follows: "That the respondent should be suspended from exercising the functions of the church until such time as he shall satisfy the ecclesiastical authorities of the diocese that his belief and teaching conform to the doctrines of the Apostles' creed and the Nicene creed as this church hath received the same. However, we express the earnest hope and desire that the respondent may see his way clearly during the thirty days that under the canons of the church must intervene before sentence be pronounced to the full satisfaction of the ecclesiastical authorities of such conformity on his part."

Case May Be Appealed.

New York, May 16.—Edward M. Shepard of counsel to Dr. Algernon S. Craspey, declared that the case will probably be appealed to the court of review of the Protestant Episcopal church of the New York and New Jersey dioceses.

END THE CONFERENCE

LAKE MARINE FIREMEN REFUSE TO ACCEPT TERMS OF CARRIERS' ASSOCIATION.

OTHER UNIONS ARE INVOLVED

BREAK IN NEGOTIATIONS MAY RESULT IN TYING UP TRAFFIC ON THE LAKES.

Cleveland, May 16.—The conference between the Marine Firemen and representatives of the Lake Carriers' association, which for two days has been considering wages, ended abruptly late Tuesday afternoon, the firemen leaving the conference and refusing to accept the proposed wage scale. As the Longshoremen's, Tugmen's, Oilers', Grain Scoopers' and Water Tenders' unions are affiliated it is believed the break in negotiations will carry out all of these elements and throw the lake carrying situation back to where it was previous to the agreement which resulted in a resumption of traffic. President Keefe and the delegates representing the labor elements in withdrawing declared that the men would not accept the scale. President Livingstone of the Lake Carriers' association said:

"We have offered the men all we can afford to pay—a continuation of the wages of last year. They have refused to accept this. That is the situation."

Mr. Livingstone, when asked if this meant that lake traffic would again be tied up said he did not think that conclusion follows necessarily and added:

"I feel sure we can get firemen for the boats. We are anxious to come to terms with the men and did all we could be reasonably expected to secure them, but the agreement seems impossible."

President Keefe of the Longshoremen's association declined to discuss the rupture between the labor delegates and the lake carriers.

The opinion is freely expressed now that the breach will not extend to the threatened tying up of freight traffic.

The DISPATCH will be delivered at your door for 40 cents per month.

SHOOT AT THEIR ASSAILANTS.

Telephone Company Employees Wound One Strike Sympathizer.

Minneapolis, May 16.—Made desperate by the attack of a crowd of striking telephone linemen and strike sympathizers, Perley Hall and Adam Charette, two employees of the Twin City Telephone company, drew their revolvers and opened fire on their assailants Tuesday afternoon at Central avenue and University avenue southeast.

A bullet from Hall's revolver struck Ward D. Werring, inflicting a painful but not dangerous wound in the calf of the right leg. Hall promptly surrendered himself to the police, and upon acknowledging that he shot Werring he was locked up on a charge of assault with dangerous weapons. Charette was also arrested on a charge of disorderly conduct, and Werring was likewise placed under arrest as soon as the wound in his leg was dressed. While the police were taking Hall and Charette to the East Side station, Clifford H. Werring, a brother of the injured man, attacked Special Officer Gonyea, who had Hall in charge, in his frenzy to get at the man who shot his brother, and was himself placed under arrest on a charge of assault and battery.

YOUNG WIFE MURDERED.

Husband of the Victim Not Seen Since Crime Was Committed.

Denver, May 16.—With the head almost severed from the body the naked body of Rosa Sarico Compeste, the fourteen-year-old wife of George Compeste, a laborer, about thirty years old, was found Tuesday in a hotel at 2437 Central court in this city where they had lived. Near the body were a blood-stained hatchet and a razor. Compeste has not been seen by his neighbors since Sunday night and it is believed the murder was committed on that day. Compeste and his child wife came to Denver from San Francisco four months ago.

THUNDERSTORMS IN GERMANY.

Several Persons Killed by Lightning and Numerous Houses Burned.

Berlin, May 16.—Terrific thunderstorms are reported from several parts of Western and Southern Germany.

Several persons were killed and numerous farmhouses were burned and animals killed in the neighborhood of Treves. In parts of the Moselle wine district the year's crop has been destroyed.

The field crops were greatly damaged in the Saar valley through the flooding caused by the heavy storms, which continue.
